

Sahlgrenska Science Park is an accelerator for entrepreneurs and companies within Life Science and a neutral arena for the industry, healthcare and academia to meet, build relations, develop innovations and create business.

With a focus on western Sweden, we aim to strengthen the life science industry by actively contributing to

- strengthening the competitiveness of the life science industry
- collaboration between business, healthcare and academia
- establishment of new and development of existing businesses

Sahlgrenska Science Park is jointly owned by the Region Västra Götaland (VGR), Business Region Göteborg, the University of Gothenburg (through GU Ventures), Chalmers University of Technology and the City of Mölndal.

Together we build a world class life science region with competitive companies on a global market.

Sahlgrenska Science Park is organized in three main areas to accelerates life science business:

	<p>Office & Lab</p> <ul style="list-style-type: none">▪ 80 companies in our environment▪ 500 m² laboratory▪ Close to Sahlgrenska University Hospital	
<p>Business Development</p> <ul style="list-style-type: none">▪ Digital health▪ Verification Support▪ Internationalisation▪ Financing▪ Matchmaking		<p>Collaboration Arena</p> <ul style="list-style-type: none">▪ Projects▪ Events▪ Seminars▪ Networks
