

CALLING STARTUPS AND CORPORATES

IGNITE MEDTECH

GOTHENBURG - NOVEMBER 28

APPLY NOW!

Invitation

The medical industry is facing new challenges which require new, disruptive solutions. We invite private companies and the public healthcare sector to meet the most exciting Swedish medtech startups and explore possibilities to collaborate and innovate together.

Establishing tighter bonds between Sweden's vibrant Life Science startup scene and the healthcare industry is necessary to increase the pace of innovation within the medical sector.

By joining Ignite Medtech, you will have the opportunity to meet the most innovative Swedish startups in the industry. All meetings are tailored on the basis of your needs and you will meet between 6-8 startups during the day.

WHAT ARE THE STARTUPS LOOKING FOR?

A potential first and/or new customer
Validation of their business idea and technology
Help to verify the final product requirements by a potential customer
Real customer environments for pilot testing

PROCESS

1. Interview: our team analyses your needs and challenges
2. Final selection: We present a short list of relevant startups
3. Matchmaking at the event: You will meet the selected startups in 1+1 20-minute meetings

Ignite Medtech 2019 is hosted by Sahlgrenska Science Park, GU Ventures and Business Region Göteborg in collaboration with the leading Swedish Life Science, Biotech and Medtech Incubators.
